

RE-VIEWING ASSUMPTIONS

A Dialogue About Phenomena That Challenge Our World

Bert Hellinger, Anne Ancelin Schutzenberger and Rupert Sheldrake

Here is a unique opportunity to sit in on a conversation among Bert Hellinger, French psychodramatist Anne Ancelin Schutzenberger, and scientist-philosopher Rupert Sheldrake. Three visionaries ... three visions ... intersecting briefly to discuss some of the most profound issues of our time, including patterns of trauma in families and the multidimensionality of death and dying.

Anne Ancelin Schutzenberger is a renowned figure in psychodrama. She is author of *The Ancestor Syndrome* (Routledge) and has published widely in the area of intergenerational family dynamics.

Rupert Sheldrake, scientist and philosopher, has gained a worldwide audience through numerous books and videotapes, including *Dogs that Know When Their Owners are Coming Home, and Other Unexplained Powers of Animals* (1999).

DEMONSTRATION VIDEOS

Bert Hellinger

Each of the six videos described below was made at a demonstration workshop in England that included mental health professionals, their clients, and other interested laypeople. Therapist Johannes Neuhauser, also an award-winning documentary filmmaker, captures Hellinger's approach to the work and how it is received by the participants.

ADOPTION -- Volume 1

Hellinger demonstrates how "love's hidden symmetry" can guide families in distress. In this case, workshop participants who are dealing with problems related to adoption discover ways to restore the flow of love and support hopeful alternatives in their lives. Hellinger helps them to access unacknowledged loyalties and other hidden forces, which can be channeled in appropriate and healthy ways.

HONORING THE DEAD AND FACING DEATH -- Volume 2

Three different family constellations are presented to reveal the depth and power of this approach as family members struggle to deal with the difficult issues of death and dying.

BLIND LOVE - ENLIGHTENED LOVE -- Volume 3

This presentation shows how children's blind love for their parents perpetuates family dysfunction. In three family constellations, Hellinger demonstrates how this love can be transformed into the enlightened love that supports well-being.

GRIEVING FOR CHILDREN -- Volume 4

TRANSGENERATIONAL SYSTEMIC EFFECTS -- Volume 5
