

Changing Directives: The Strategic Therapy of Jay Haley

Edited by Jeffrey K. Zeig, Ph.D.

Jeffrey K. Zeig writes, "In these pages you'll find many of the different faces of Jay as seen through the eyes of those who knew his work, who know how well his commitment to calling truth as he sees it, who have benefited from his intellectual generosity and honesty, and who appreciate, even if not always understanding, his enigmatic essence. This book is an unabashed *Festschrift*—and I offer it without hesitation."
