

FORGIVING THE DEVIL

NEW!

Coming to Terms with Damaged Relationships

Terry Hargrave, Ph.D.

The place of forgiveness in the field has changed dramatically since Hargrave began his work, with more and more professionals looking for ways to integrate a meaningful definition and effective applications into their therapy. Now Terry Hargrave's newest book, *Forgiving the Devil*, introduces practical ways to do both.

The title of the book is meant to reflect the essential idea that "forgiveness" can be an active -- and powerful -- healing agent, even in the wake of the most heinous experience. Whether or not a relationship can be reclaimed, there are pieces that can be salvaged from it and used ... to protect, to prevent, to forewarn, to move on. And in cases where restoration is possible, Hargrave outlines the steps that may be taken to facilitate a shift from victim to victor in the relationship. The author's own moving story, which he shares here, coupled with case material and a thoughtful theoretical foundation, make this a uniquely accessible and penetrating resource for therapists and their clients.

THE ESSENTIAL HUMILITY OF MARRIAGE

Honoring the Third Identity in Couple Therapy

Terry Hargrave, Ph.D.

"A wise, balanced, and original approach to fostering a strong 'us' in marriage without losing the 'you' and 'me.' Hargrave is onto something that nobody in our field has captured before."

--William J. Doherty, Ph.D.

This fresh perspective on what makes marriages work will jumpstart the efforts of every couples therapist. At its core is Hargrave's message that much of what is currently done in couples therapy misses the point, focusing all attention on the need to accumulate more and more skills and to work toward ever-greater self-actualization. While there is a time and place for both of these concerns, Hargrave suggests that the real answer resides in some new math. Where once we believed that two became one, and then, more recently, that two remained two, Hargrave proposes that in strong marriages, two become three.

The Essential Humility of Marriage explores the landscape of "you," "me," and "we." The book clearly carves out this third identity, and then describes how its expectations and desires can take precedence over those of the individual partners--without taking away from either one. Why the concept of "us" plays such a central role in satisfying marriages is explained, and ways in which therapists can help couples first to acknowledge and then to strengthen that "us" are demonstrated.

ISBN: 1-891944-36-3 • 2000 • Hardcover, 240 pages • \$37.95

Terry D. Hargrave, Ph.D., is a contributing writer for *Modern Maturity* magazine, and was recently the subject of an article in the launch issue of *My Generation*. He is associate professor of counseling at West Texas A & M University in Canyon. Hargrave is the author of numerous books, is a popular workshop presenter, and is well known for his work in the areas of forgiveness, aging, and couples relationships.
