

# ON LIFE AND OTHER PARADOXES

## Aphorisms and Little Stories from Bert Hellinger

A good poem can hold the universe in a few words. This collection of Bert Hellinger's aphorisms and stories shows what happens when a healer's mind works with a poet's pen. Single truths become manifold. Small affirmations take on great power. Soothing stories carry tough messages. And sometimes reality gets turned absolutely upside down, and though we may squirm in our seats, we understand something more than we did before.

**Bert Hellinger:** One of Europe's most visible – and controversial -- psychotherapists and authors, Bert Hellinger has also become a leading voice in the healing arts internationally. A former priest and missionary to the Zulu in South Africa for 16 years, as well as an educator, psychoanalyst, body therapist, group dynamic therapist, and family therapist, he brings vast and diverse experience to his work. Helping professionals everywhere have embraced the new possibilities that this innovative approach offers to their clients. The family constellations, which have become the hallmark of Hellinger's approach, as well as his observations about -- and insights into -- family entanglements and their resolution, have touched the lives of thousands throughout the world.
